

Learning Disability Solutions

Intelligent Technology Solutions is dedicated to offering innovative solutions that provide children and adults with disabilities the opportunity to enhance their learning ability.

Intelligent Technology Solutions GOVSolv is a proud partner of *A Deeper View*, a web-based, user-friendly tool that enables teachers, parents, caregivers, and therapists to collect data, track progress, and measure improvements. This allows them to take a more active role in their child or student's development.

A Deeper View simplifies data collection, delivering clear, in-depth results instantly, saving educators, therapists, and parents a considerable amount of time each day.

Intelligent Technology Solutions provides our customers with effective, customizable solutions that promote individual safety and behavior management for children and adults with special needs.

What Is the Value of GOVSolv's Learning Disability Solutions for You?

- In 2011, the U.S. Department of Education requested \$11.8 billion for the Grants to States Program to maintain the Federal contribution toward meeting the excess cost of special education. Qualifying partners identify and win special education opportunities by utilizing Intelligent Technology Solutions GOVSolv's Grant Program.
- *A Deeper View* can be bundled with other GOVSolv solutions (tablets, notebooks, desktops, etc.)
- Low acquisition cost of *A Deeper View* makes it affordable for most schools and educators

Intelligent Technology Solutions GOVSolv's Learning Disability Solutions

- We offer a variety of solutions for not only the classroom, but also for administration, infrastructure, and parents and caregivers.
- Applicable to both the Higher Education and K-12 levels.
- *A Deeper View* is a web-based solution – no software necessary.
